TOWN COUNCIL MEETING

Meeting to Consider Revised By-laws

At the regular meeting of Town Council held Thursday, August 11th it was decided to hold a special meeting on Tuesday, August 16th to consider by-laws that have been recently re-written.

By-laws under consideration relate to traffic regulations, litter control and meat inspection regulations. Also to be discussed at next Tuesday's meeting will be the possibility of a plebiscite on a Sunday sport by-law.

Council Briefs

It was reported at Thursday's regular council meeting that staff of the Drayton Valley Municipal Police force has been brought up to strength with the hiring of Mr. Keith Nickel of Edson. Mr. Nickel served on the Edmonton police force for seven years prior to moving to Edson.

His employment brings the police department complement up to four

It was reported to council that the cost of dressing the town streets for Klondike Kapers Carnival amounted to \$155.

In the same vein council heard that the Town of Drayton Valley float took part in fair parades at Mayerthorpe, Edson and Barrhead and won prizes in each.

The provincial government has forwarded circulars containing plans for preventive action in social assistance. The government expressed the hope that these may prove of value to municipal bodies in the handling of social assistance.

The circulars were studied and retained for further consideration.

A request was submitted by the Drayton Valley Lions Club that they be given approval to proceed with a plan to distribute Centennial Coins during 1967. Council felt the matter came under the jurisdiction of the Centennial Committee and the submission was passed to that body for consideration.

The recent visit of an A.R. D.A. representative to Drayton Valley was discussed and the meeting informed that the river site campgrounds attracted favorable response and the possibility held out that A.R. D.A. assistance might be

made available for future development of the site.

The possibility of A.R. D.A. participation to the extent of 75% of future development was reported. Any assistance, however, would first require a detailed submission by Council with a proposed year-by-year program for the development of tourist camping and other facilities of the park.

Council decided to turn the matter over to the Drayton Valley and District Chamber of Commerce with the suggestion that a committee be appointed to do the ground work for a submission to A.R. D.A. at a later date.

A letter was received by council from the Yukon Defence Force pointing out that the word "Klondike" is now protected by the Federal Trade

Funeral Services for James A. Watson

Funeral services for the late James Arthur Watson, who passed away July 28th were held in the United Church, Drayton Valley on Monday, August 8th at 1:00 p.m. Mr. Chuck Alton, student minister officiated.

Mrs. Eleanor Pickup was the organist and the pall bearers were Joe and Dave Cameron, Avolt Reitchert, George Gustafson, Evert Marskeil and Rene Belva.

Interment in the Forest Home cemetery in Ponoka followed a short memorial service conducted by the Rev. Mr. Gates of Ponoka United Church.

Mr. Watson is survived by one brother, Stanley of Edmonton, three daughters, Mrs. Geo. (Mary) Rees of Ponoka, Miss Kay Watson of Ponoka and Mrs. Dudley (Frances) Edmunds of Rocky Rapids, seven grandchildren and four great grandchildren.

Voters' Lists Available

Work on compiling the Town of Drayton Valley Voters' List was completed recently and the list made available last weekend. The lists are now on sale at the Town Office at a price of \$1.00 each.

4-H Members Visit B.C.

Seventeen of Alberta's top 4-H members recently spent twelve days living with 4-H families in British Columbia. They were accompanied by two 4-H leaders, Mrs. Nellie Deering, Mayerthorpe, and Mr. R. Westmancoat of Ryley, Alberta. Half of the group visited in the Kamloops area and the others in the Chilliwack

area.

The delegates were selected on the basis of their past club record, leadership ability and knowledge of 4-H.

Providing an opportunity to develop a broader understanding of Canada, was the purpose of this trip. Monies for sponsorship were received from the Canadian Centennial

Commission.

Miss Elaine Jouan, 18, of Tomahawk, was among those who travelled to B.C. Miss Jouan, has spent four years in the 4-H Garden Club and three years in the Clothing Club. She has completed her Grade 12 education and planned to enter McTavish Business College this summer.

Peace Essay Contest Announced by Lions

The youth of Drayton Valley have been given a challenge to develop a plan for world peace by the local Lions Club -- a challenge that could earn one of them a \$25,000 educational or career assistance grant.

The Drayton Valley Lions Club, together with Lions Clubs throughout the world, is sponsoring a world-wide essay contest for the world's youth on the most important world subject today -- Peace. The contest offers \$50,000 in total awards, including the \$25,000 first prize, eight semi-final world regional awards of \$1,000 each and travel expenses for the eight winners to Chicago, Illinois in July, 1967. At that time, the first prize winner will be chosen from the eight. Also, more than 20,000 local, district and multiple district awards will be made.

"We are hopeful one of our young people will win this world-wide prestige award," President Adam Eckert of the Drayton Valley Lions Club said in announcing the contest locally last week.

The contest, open to young people who will be 14 but less than 22 years of age as of January 15, 1967, was announced by the President of Lions International, Edward M. Lindsey, of Lawrenceburg, Tenn., during the Association's Annual International Convention in New York.

"Our Club's winner will advance to Lions District 37B competition in his (her) effort to qualify for the multiple district contest," Mr. Eckert said.

The contest sponsored by more than 20,000 Lions Clubs in more than 130 countries in the free world, will be the largest Peace Essay Contest in the world today.

"If our winner can advance

through the judging stages up to the world finals he will receive an expense paid trip to Chicago to attend the Lions International 50th Annual Convention for the final judging of his essay in addition to the \$1,000 award."

Mr. Eckert said he hoped local young people would accept the challenge and enter his club's section of the contest. Closing date for the Club's contest is December 10, 1966.

Funeral Services for Lorne Berlinguette

Funeral services were held at the Frog Lake Hall on Friday, August 5th at 2:00 p.m. for Lorne Victor Berlinguette of Heinsburg who passed away Tuesday, August 2nd at the age of 19 years. Mr. Ernie Shultz officiated and interment was made in the Frog Lake Cemetery.

Prayers were said on Thursday, August 4th at 8:00 p.m. in the Park Dale Funeral Chapel in St. Paul.

He leaves to mourn his loss his loving parents, Mr. and Mrs. Victor Berlinguette of Drayton Valley; four brothers, Roger of Red Deer, Alberta, Mark and Timothy at home; three sisters, Mrs. Marie Kempainen of Calgary and Victoria and Jocelyn at home.

SOLDIER VISITS FAMILY HERE

Corporal Layton Lonstrup of the Royal Canadian Army Medical Corps left recently for Ottawa after spending a holiday with his family, Mr. and Mrs. Cliff Holman.

Corp. Lunstrup has just returned from three years in Germany and is now posted with national defence in Ottawa.

DEVON WINS SWIM MEET

Swimmers from Drayton Valley, Devon and a single entry from Jasper, competed in a meet here Saturday that attracted about 100 spectators despite unfavorable weather.

Top honors for the meet went to the Devon team with a total of 361 points to Drayton Valley's 271.

Janice Penner, the lone entry from Jasper, won every race she entered and rang up a total of 35 points.

D. V. Highlights

BY MRS. EDITH DEBY

Janice and Jocelyn Ward, of Calgary, are visiting with Verna and Betty Hodgson.

Mr. and Mrs. Jack Heyland have just returned from a trip to B.C. points. While in Summerland they visited with Matt Leake's grandmother who makes her home in that town.

Mr. Frank Hazzard contin-

ues to bring home awards for the best float. At Edson, Drayton Valley won the first place trophy with Eileen Hazzard, Lorraine Hazzard and Claudette Couteau riding. At Barrhead, Drayton Valley won second place. This time Lorraine and Eileen Hazzard and Joanne Lewko and Audrey Gusza were the decoration.

Don't you think that council should be asked to have a display case erected in the town office in order that we may all admire these trophies when we have occasion to call?

Mr. and Mrs. Donald Herman, David and Gail, dropped in on the Albert Hodgsons recently. The two families had been neighbours in Trail, B.C. some years ago. Mrs. Herman is a niece of Mrs. Ray McGuigan. The Hermans now live in Chetwynd, B.C.

The atmosphere weighs as much as a layer of water 34 feet deep.

Rocky Rapids News

A short visit was enjoyed when Mr. and Mrs. Tony Walters of New Westminster, B.C. stopped at the Lindskoogs overnight.

Mrs. Kurucz and children of Lethbridge are visiting Joyce's parents, Mr. and Mrs. E.J. Lindskoog for a week.

Dora Stewart had her grandchildren, Edward, Maxine, Tommy and Lee Herndon from Westlock visiting for a week.

A speedy recovery is extended to Bill Richardson who underwent surgery in the University Hospital. Also to Mrs. Emma Glubs, a patient in the Drayton Valley Hospital.

Mr. and Mrs. Phillips had Eleanor's niece and family of Peace River visiting for a couple of days.

We wish to take this opportunity to thank everyone who attended the Rocky Rapids Community League Picnic and especially the weather man for a nice day.

Larry Wall is spending a few days in Edmonton.

fashion news

BY NANCY GAYLORD

FASHION CONSULTANT TO THE 160 SINGER CENTERS IN CANADA

Peek-a-Boo-shoes... the newest tactics of transparencies. St. Laurent kicked off the idea and now high fashion shops take up the cry with the classic low heeled spectator pump in clear plastic with black patent heel and toe. Another hit will be the sporty Gilly with punched patent heel and toe, midway transparency and black lacing of course. Hitch a ride on this bandwagon before just everyone has them... but don't forget your pedicure.

It's not Easter, so don't play bunny. Take a short, short skirt, high spike heels and dark stockings... just like a bunny playmate, isn't it? Instead, complement short skirts (which should be relaxed, never tight) with pale pastel stockings and flat or flattish shoes.

Bell Bottom Trousers, Coats are what we'll be wearing and loving this Fall. The navy pea jacket has zoomed in on the fashion front, accented with red piping or braid. Mate with the newer bell bottoms with ankle pleats on the outside of the leg.

The Inside Out story will be told in print soon. The secret is that the wrong side of a print is used on the outside for a faded look. Coordinate with the washed out look in denim separates. A cinch for the home

Fashionmaker since I'll bet we've all sewn something inside out before (by mistake, of course).

Frankly Fake furs for winter come in colors nature never intended. Fabulous fun to sew and go in... a menagerie to choose from... squirrel, broad-tail, chinchilla, leopard or calf. Pick a simple pattern with no collar or buttonholes and as few seams as possible. For your first fling with fur fakes, try a sleeveless overblouse for après ski. Bind edges with thick, elegant braid instead of facings. Place pattern on wrong side with pile all going in same direction; cut from wrong side with a razor blade. After seaming, shear pile away from seam allowances and with a pin, lift out pile caught in seam on right side. Go stock yourself an "animal" in your favourite fabric store and have fun. Happy Hunting!

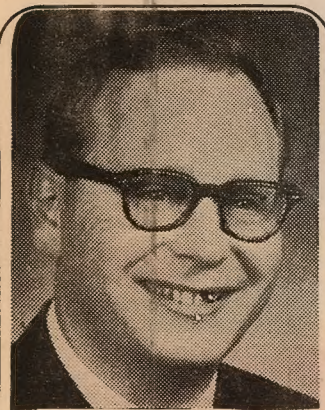

Color it Berry for Fall... Cranberry, blueberry, raspberry, blackberry or strawberry... delectable hues to flatter every complexion. Paris decrees plum and fuschia, the extremes at each end of the berry spectrum, for ultra-high fashion. For suits, co-ordinated flannels in soft plaids and matching greys will be a strong trend.

MORE TROUBLES

A pair of newlyweds stepped into their hotel elevator. "Hello darling", murmured the pretty operator. There was a chill silence all the way up, but when the couple reached

their floor the bride exploded, "Who was that hussy?"

"Now don't you start anything", begged the groom. "I'm going to have enough trouble explaining you to her tomorrow".

Council Meeting

Continued from Page 1
Act. The letter was read and filed after a brief discussion.

No decision was made as to whether the town would attend a symposium at Banff from September 6th to 9th. The symposium is planned to generate and disseminate information for use in practical rural development programs.

Changes in arena construction to comply with the theatre act costing about an additional \$300 were reported to council. The changes involved increasing the size and mechanical features of doors in the building.

Inclement weather is also affecting the arena construction by delaying excavation for the ice surface.

Temporary repairs have been made to sidewalks as requested in a petition by ratepayers. Permanent repairs and extension will be carried out next year.

Dog control, as covered in various provincial acts, was outlined in a letter from solicitor Walter B. White in response to a request from Town Council.

In regard to dog control the Town of Drayton Valley recently circulated a letter to surrounding communities seeking their views on a co-operative district venture in establishing a permanent dog control officer to serve all the communities in the area. The letter drew interest from some communities but others were already being served by a professional dog control agency which was providing satisfactory service.

After considerable discussion council decided to investigate the dog control services provided by an out-of-town agency.

A request was received from Mr. Vern Campbell to purchase a collection of old buildings on Lot 36, Block 25 owned by the town. The buildings would be torn down and moved out of town by Mr. Campbell.

In order to have the lot cleaned up and available for resale, council decided to sell the buildings to Mr. Campbell for the sum of \$1.00 with the provision that the lot be left

clean and all rubbish removed following demolition of the buildings.

Information was received from the Provincial Centennial Co-ordinator to the effect that a motorcycle musical ride consisting of 42 people would be available to make an appearance in Drayton Valley this fall if desired. The cost of putting on a show here would be \$9.00 per day for each of the 42 people involved.

Not a great deal of interest was shown by council in having the show appear here this fall although it was decided to investigate the possibility of attractions of this nature during the Centennial Year.

District Teachers Attending Banff Conference

Two district teachers will attend the eighteenth annual conference of the Alberta teachers Association which commences on Sunday, August 14, at the Banff School of Fine Arts. Approximately 200 teachers representing all the locals in the province will be welcomed Sunday evening by Mr. Frank Hoskyn, provincial president of the ATA.

Those attending will include C. Stuart Ibsen from Spruce Grove and Richard McDonald from Drayton Valley.

Mr. Haze J. Bergeron, Executive Secretary of the California Teachers Association, Northern Section, will address the gathering on Monday evening.

Different sections of this conference of professional educators are Professional Development, Teacher Welfare, Leadership, and Long-Range Plans. This last section will assess the reaction of locals to the tentative long-range plans sent out last fall, sometimes called Education 1975. The largest group, some seventy teachers - presidents and secretaries of locals, will make up the Leadership section.

INDIANA VISITORS

Mr. and Mrs. Walter H. Hahn of Fort Wayne, Indiana have been visiting the home of Pastor and Mrs. Drawbaugh. Mrs. Drawbaugh is the daughter of Mr. and Mrs. Hahn.

Carnwood News

Mr. and Mrs. Ward of Nebraska, U.S.A. were visiting with the Jacobsen, Cox and Jorgenson families.

Miss Jean Cox of Pasadena, California, U.S.A. was visiting at the home of Mr. and Mrs. Frank Cox and family.

Mr. and Mrs. Clifford Fisher of Sandpoint, Idaho, U.S.A. were visiting with Mr. and Mrs. Jack Meakin for a few days.

Mr. George Colby had the misfortune to injure his knee while haying.

The community extends wedding congratulations to Mr. and Mrs. Eugene Schwartz, nee Judy Weslin, who were married in Leduc on August 11th.

Mrs. Lila Phillips and Garry had Mr. and Mrs. J. Wells and family of Vancouver, B.C. as visitors. We understand Mrs. Wells hasn't been back in the district for 15 years so imagine she has noticed quite a few changes. At least they will know what our "liquid sunshine" is like.

Bob Barnett has returned home for a few days.

A surprise-house warming was held for Mr. and Mrs. Russell Gilchrist and family recently

when they were presented with a set of dishes and gift of money by their friends and neighbors.

Mr. and Mrs. Earl Jacobsen

attended the wedding of Earl's nephew, Glen Jacobsen, in Edmonton on August 6th. Our best wishes go to Mr. and Mrs. Glen Jacobsen.

ATTENTION

Notice is hereby given under provision of the Town and Village Act, that the Voter's list of the Town of Drayton Valley for the year 1966 has been prepared and that a copy of the said Voter's list is posted in the office of the Secretary-Treasurer.

The posted list is open to inspection during business hours. Any qualified elector may make application for the correction of any errors or omission in the said voter's list by serving notice upon the Secretary-Treasurer in writing on or before the 7th day of September.

Dated at the town of Drayton Valley this 12th day of August, 1966.

W. C. JOHANNESON,
SECRETARY-TREASURER.

Editorial — Comment

Brazeau Potential

A recent visit to the Brazeau Dam impressed the writer with the seemingly great potential of the man-made lake above the dam as a recreational facility. Unfortunately it does not appear to be of a great deal of value from a recreation standpoint at present but could be put to good use by residents of nearby communities if it were available and suitable as a summer resort.

There are likely a number of reasons why such development has not already taken place, chiefly, as we understand it, because of its location in a forested area not normally opened for such purposes.

However, if others in the area feel as we do the subject would be worth investigating either by combined efforts of district chambers of commerce or other clubs or by individuals organized for the purpose. An approach to Calgary Power Ltd. and the Provincial Government would produce facts which would either encourage further exploration or withdrawal of the idea.

GUEST EDITORIAL

Beatles More Popular Than Jesus?

By Galen F. Drawbaugh,
Pastor, Emmaus Lutheran Church

Three times within the past week our daily papers have pointed out John Lennon's statement that the Beatles are more popular than Jesus. However, distressing this may be to Christians, we have to concede that it is true. Jesus has never been a very popular figure. No one asked Him for His autograph. Few hymns of praises were sung to Him. As a matter of fact He was unpopular enough to be crucified. That did little good for His public image.

Jesus never claimed to be popular. Often we read that the crowds withdrew from Him because of His teaching. He told the disciples that they wouldn't be popular either: "They will deliver you up to councils, and flog you in their synagogues" (Matthew 10:17). He permitted His followers to have no illusions about Him: "The gate is narrow and the way is hard that leads to life, and those who find it are few." (Matthew 7:14).

To most people today the greatest distinction that Jesus has is that His name is the most favored curseword. Nevertheless, neither the popularity of the Beatles, nor the unpopularity of Jesus will ever convince me that He is not the Son of the Living God through whom we live and move and have our being.

AUGUST 17, 1966

Hail Summary for July

Hail activity in the province of Alberta as a whole, was well above normal in July. However, in the Hail Studies area which extends from Leduc South to High River and from the foothills East to Hanna - Viking line the number of reports mailed in by farmers was only slightly above normal. Hail was reported from somewhere within this area on 22 days during the month, although on many days the activity was quite insignificant.

The most active day of the month was July 7th when a whole series of storms swept East across the area between Red Deer and Edmonton. Many of these storms reached a height of eight miles and as a result over 100 farmers reported hail walnut size or larger. Surprisingly, the damage was not too widespread and was mainly localized into small pockets near Ponoka and East of Wetaskiwin.

On July 10th storms again hit a wide area North of Red Deer, but the most severe storm of the day, started near Three Hills and dropped golfball size hail causing heavy damage near Morrin North of Drumheller. On July 16th a storm which started near Crossfield laid a swath of hail up to walnut size across the Acme-Swalwell area causing damage to crops.

There was very little activity for the next two weeks until severe storms hit the province again at the end of the month. Most of this activity was South of Calgary where storms caused millions of dollars worth of damage to crops.

However, on the 29th of July two long swaths hit the hail studies area. One started North of Rocky Mountain House, tracked ESE and produced small pockets of golfball size hail with damage near Red Deer and again North of Hanna. Another storm which formed North of Sundre produced a swath of hail up to walnut size over to Drumheller, with more widespread damage in the Olds-Three Hills area.

To summarize: The month of July produced well above normal hail activity in Alberta, but most of the severe damage was confined to the area South of Calgary. This is just part of the natural variation of hailstorms which show unpredictable shifts in preferred storm paths from year to year.

Nearly 30,000 hail reports received from farmers during the past nine years are giving a

valuable insight into these patterns. The problem now is to find an explanation of these patterns and why it is that in

some years one area of the province is hit, and in other years some other area bears the brunt of the damage.

Centennial Report

1867 1967

by JOHN W. FISHER
CENTENNIAL COMMISSIONER

Time flies fast during summer holidays, and it won't be long before it's back to school in September. The coming school year takes us right into Canada's Centennial celebrations and there will be some special news this fall for the five and a half million children and teenagers attending schools throughout the country.

School posters and classroom posters will announce the news in September that all public and high school students from six to 18 years of age will be invited to participate in the Centennial Athletic Awards program. There will be three "compulsory" events: one minute speed sit-up, a 300 yard run, and a standing broad jump. Participants in the awards program will choose one additional event out of three "optionals": swimming, skating or cross-country run.

The Centennial Commission, with the Centennial planners of the provinces, decided on this broad program for schools so that all children in the country would have the opportunity to take an active part in the Centennial.

The standards for every age, six to 18, by which participants will be judged in the compulsory events are those developed by the Canadian Association for Health Physical Education and Recreation (CAHPER).

The department of education in each province will be sending out teachers' manuals to schools for the beginning of fall term. Teachers also will receive class record sheets and each student will receive a wallet size card so that he can keep his score during the Centennial athletic events which may be run off between September 6, 1966 and December 31, 1967.

Gold, silver and bronze Centennial crests for achievement will go to outstanding athletes in the awards program. If a student does not achieve standards in athletic events to merit a gold, silver or bronze award he will receive a red crest (shown below) for the partici-

pation and at least a passing mark in all events.

So there is something special to look forward to, on and after September 6th. I have been saying all along that everybody can take part in the Centennial celebrations and the athletic awards program is just one of the many opportunities for school children to be involved in Canada's birthday party.

F.U.A. Urges Govt. Action

Paul Babey, president of the Farmers' Union of Alberta, in a telegram last week to Labor Minister Nicholson, urged the federal government to take immediate action to avert a threatened railway strike.

A conciliation board chairman's report last Thursday turned down the demands of 21,000 members of the Canadian Transport and General Workers for an immediate 90 cent hourly pay boost, and dropped the contract dispute between the union and the C.N.R. in the federal cabinet's lap.

Mr. Babey told the labor minister that a transportation tie-up during the harvest season is unthinkable, and would have an irreparable effect on the movement and export of grain, and other agricultural products.

"The strike would effect the

Moon Lake News

A very enjoyable evening was had by those attending the Donkey Ball Game on the Community Hall grounds on Saturday. Grant Brown, acting as star performer, rode "White Lightning" on first base. Hope you had fun Mr. Brown.

Jackie Jensen, daughter of Mr. and Mrs. Milt Jensen of Moon Lake was wed to Mr. Jack Carlson of Seba Beach on Friday, August 12th. Best of wishes to Jack and Jackie from all of Moon Lake.

Congratulations to Mr. and Mrs. Nick Urkewick on the birth of a fine baby boy.

Mrs. Blanche Jensen has recently returned home from the hospital recovering from an operation on her foot. We all hope you feel well real soon, Mrs. Jensen.

Mr. and Mrs. J.C. Catt's son, Roy, and his family from Valleyview paid them a visit this weekend.

Also, Mr. and Mrs. Fred Cherrington have had their daughter and son-in-law, Laura and Autry Combs from Williams Lake, B.C. visiting with them over the holidays.

economy of the nation as a whole. The government has no alternative but to make an immediate positive effort to bring about a settlement," said Mr. Babey.

"SOMEBODY JUST CAUGHT A FLOUNDER FROM THE BRIDGE. PASS IT ON."

"PLEASE, HOMER! FORGET YOU'RE IN REAL ESTATE. THIS IS YOUR VACATION."

BERRYMOOR NEWS

Mrs. Bea Cropley,
Correspondent

Well folks, we are home again after gallivanting for awhile. Dayna left on the 4th of July to spend a few weeks in Edmonton with Ralph and Linda Davidson and I left home on the 9th to cook for the Poplar Valley Camp meeting. I had a wonderful time doing the job I like the best, feeding lots of hungry people.

On the 18th Orville and Nora Weighill took me out to their farm to spend a week visiting them, then into Edmonton where I stayed one night with Stewart and Ruth Weighill and then a week with Ralph and Linda. From there Dayna and I went to Robson's in Carnwood I spent a few days with Beth and Gordon Holmgren in Lindale and then went back to Robson's to help them pack and

move to Warburg. Have just recently arrived home. Just thought you might like to know why you haven't been getting any Berrymoor news.

As you have probably gathered, John and Ruby have sold their farm. They have rented a house in Warburg, where they will live for a few months while John builds a house on a lot which he has purchased there.

The Robson farm was purchased by Percy Laughlin, who used to live in Berrymoor when he was a boy. He is now cooking up north. His wife and children have moved from Clairholm and have been staying with Mr. and Mrs. Jim Holmgren until they can move into their new home. Mrs. Holmgren is Percy's sister.

Friends and neighbors gathered at the Gilchrist's for a house warming recently. We wish you many happy years in your new home, Russel and Thelma.

Terry and Darlene Gavigan

and Darrel Haight started out last week to find jobs. Recently we learned that they have found employment in the Peace River district.

Dennis and Max Schwartz, Bill and Allan Gilchrist, Ron Flodin, Charlie Marten, Earl Lawson and Dale and Blair Thatcher left on the third of this month to spend a few days at Miette Hot Springs.

Ethel Wideman left for Edmonton two weeks ago to work at the Army and Navy.

Berrymoor is stepping up a bit. We now get four mail days a week.

Some of the men in the neighborhood gathered at the Lindale Hall recently to lay the new floor.

Ira Haight's mother and sister arrived recently from Portland Oregon to spend a while with Ira and family.

Congratulations to Mr. and Mrs. Eugene Schwartz, nee Judy Westlin, who were married on Thursday, August 11th in the Anglican Church in Leduc. Rev. Alcock officiated. Following the ceremony a reception was held for about 90 guests at Town House Hotel. The happy couple left for Jasper and Banff. They plan to make their home in Berrymoor.

Attending the Schwartz-Westlin wedding from Berrymoor were Gilbert Martin and family, Mr. and Mrs. Harry Campbell and family, Mae Martin, Mrs. H. Barrett, Jack Leader and boys, and Mr. and Mrs. Geo Martin. Gloria Campbell was maid of honor.

Jim Martin and his family arrived in Berrymoor recently to spend a week visiting his parents, Mr. and Mrs. Geo Martin, and other relatives. They have just returned from a trip to Campbell River, Vancouver Island.

Mrs. George Martin accompanied Mr. and Mrs. Jim Martin to visit Mr. and Mrs. Jim Shaw of Breton. Mrs. Shaw is Jim's sister.

Last Sunday Mr. and Mrs.

Allan Wideman motored to Castor to see Mrs. Wideman's sister from Quesnel, B.C., who was visiting relatives there.

Mr. and Mrs. Clifford Johnston and family from Fort Saskatchewan were weekend visitors at the home of Mr. and Mrs. John Johnston.

Cattle to Be Imported

OTTAWA -- Permits to import 229 head of cattle from France this fall have been issued to 191 cattle breeders across Canada, the CDA's Health of Animals Branch reports.

Facilities at the federal maximum security quarantine station on Grosse Isle, near Quebec City, are being enlarged to handle the importation which is about double the number brought in last year.

The cattle, now being purchased in France by Canadian

buyers, will enter the French quarantine station at Brest early in September. They will remain there for 30 days and then will be moved by ship to Grosse Ile.

Of the 229 head being imported, 10 will go to British Columbia, 92 to Alberta, 61 to Saskatchewan, 10 to Manitoba, 38 to Ontario, 17 to Quebec, and one to Nova Scotia.

The quarantine period on Grosse Ile is for a minimum of 90 days but because of the exhaustive testing required and ice conditions in the St. Lawrence River at that time of year, it is not expected that cattle will be released from the island until next April.

It is unwise and potentially dangerous for anyone to use pills indiscriminately without the advice of a doctor, the Canadian Medical Association advises. One point of concern is that a person may be self-treating a potentially serious illness.

Devon Swimmers Win Meet Here

Following is the complete results of the Drayton Valley Swim Meet held Saturday, August 13th.

First three placings in each event are as follows:

Boys 15-16, 200M Freestyle
Kyle Brisco, Devon.

Boys, 10 & under, 25 M - Backstroke, 1. Vernon Icenbrenner, Devon. 2. Dean Samis, D.V., 3. Mike Sherwood, Devon.

Girls 10 & under, 25M Backstroke, 1. Anna Kaarsemaker, D.V., 2. Heather McKenzie, D.V., 3. Jennifer Holman, Devon.

Boys 11 & 12, 150M, Backstroke, 1. John Sherwood, Devon, 2. Andy Sherwood, Devon, 3. Doug Steeves, D.V.

Men's Open, 100M, Backstroke, 1. Gordon Craddock, Devon, 2. Carl Kyle, Devon, 3. Ian Cunningham, Devon.

Women's Open, 100M, Backstroke - 1. Marianne Kaarsemaker, D.V., 2. Karen Kohlman, Devon, 3. Pauline Kohlman, Devon

Girls 11 & 12, 50M, Backstroke - 1. Terry Degray, Devon, 2. Velma Waterman, Devon, 3. Denise Freeman, Devon.

Boys 13 & 14, 100M, Backstroke - 1. Ken DeGray, Devon 2. Jim Hartman, Devon, 3. Lorne Renier, D.V.

Girls 13 & 14, 100M, Backstroke - 1. Barbara Henderson,

D.V., 2. Sherrill Timmins, D.V., 3. Linda Astle, D.V.

Boys 15 & 16, 100M, Backstroke - 1. Kyle Briscoe, Devon, 2. Ian Cunningham, Devon.

Boys 10 & under, 25M, Butterfly - 1. Mike Sherwood, Devon, 2. Dean Samis, D.V. 3. Grant Germaniuk, D.V.

Girls 10 & under, 25 M, Butterfly - 1. Jennifer Holman, Devon.

Boys, 11 & 12, 25 M, Butterfly - 1. John Sherwood, Devon, 2. Randy Baddy, Devon 3. Doug Steeves, D.V.

Girls 11 & 12, 25M, Butterfly - 1. Karen Kohlman, Devon, 2. Terry DeGray, Devon, 3. Velma Waterman, Devon.

Boys 13 & 14, 50M, Butterfly - 1. Jim Hartman, Devon, 2. Ken DeGray, Devon, 3. Jeff Germaniuk, D.V.

Girls 13 & 14, 50M Butterfly - 1. Barb Henderson, 2. Linda Astle, 3. Gwenda Steeves.

Boys 15 & 16, 50M, Butterfly - 1. Kyle Briscoe, Devon, 2. Ian Cunningham, Devon.

Girls 15 & 16, 50 M, Butterfly - 1. Janice Penner, Jasper.

Men's Open, 50 M, Butterfly - 1. Gordon Craddock, Devon.

Women's Open 50M, Butterfly - 1. Janice Penner, Jasper, 2. Terry DeGray, Devon, 3. Karen Kohlman, Devon.

Men's Open, 100M, Freestyle - 1. Gordon Craddock, Devon, 2. Kyle Briscoe, Devon.

Women's Open, 100M, Freestyle - 1. Janice Penner, Jasper 2. Barbara Henderson, D.V. 3. Terry DeGray, Devon.

Boys 10 & under, 25M, Freestyle - 1. Mike Sherwood, Devon, 2. Bradley Goss, D.V., Vernon Esenbrenner, Devon.

Girls 10 & under, 25M Freestyle - 1. Jennifer Holman, Devon, 2. Anna Kaarsemaker, D.V., 3. Heather McKenzie, D.V.

Boys 11 & 12, 50M, Freestyle, 1. Randy Badry, Devon, 2. John Sherwood, Devon, 3. Allan Cunningham, Devon

Girls 11&12, 50M, Freestyle 1. Terry DeGray, Devon, 2. Denise Freeman, Devon, 3. Joanne Bellward, D.V.

Boys 13 & 14, 100M - Freestyle, 1. Jim Hartman, Devon,

2. Lorne Renier, D.V. 3. Ken Degray, Devon.

Girls 13 & 14, 100M, Freestyle - 1. Barbara Henderson, 2. Sherrill Timmins, D.V., 3. Paul Kohlman, Devon.

Boys 15 & 16, 100M, Freestyle - 1. Kyle Briscoe, Devon, 2. Ian Cunningham, Devon.

Men's Open, 100M, Breaststroke - 1. Gordon Craddock, Devon.

Women's Open, 100M, Breast stroke - 1. Janice Penner Jasper, 2. Barbara Henderson, D.V., 3. Terry DeGray, Devon

Boys 10 & under, 25M, Breaststroke - 1. Mike Sherwood, Devon, 2. Dean Samis, D.V., 3. Kim Hansen, D.V.

Girls 10 & under, 25M, Breaststroke - 1. Jennifer Holman, Devon, 2. Anna Kaarsemaker, D.V. 3. Heather McKenzie, D.V.

Boys 11 & 12, 50M, Breaststroke - 1. John Sherwood Devon, 2. Jim McKillop, D.V. 3. Andy Sherwood, Devon.

Girls 11 & 12, 50M, Breaststroke - 1. Terry DeGray, Devon, 2. Karen Kohlman, Devon 3. Velma Waterman, Devon.

Boys 13 & 14, 100M, Breaststroke - 1. Neil Samis, D.V., 2. Jim Hartman, Devon 3. Jeff Germaniuk, D.V.

Girls 13 & 14, 100M, Breast stroke - 1. Barb Henderson, D.V., 2. Pauline Kohlman, Devon, 3. Linda Astle, D.V.

Boys 15 & 16, 100M, Breaststroke - 1. Ian Cunningham, Devon, 2. Kyle Briscoe, Devon Girls 15 & 16, 100M, Breaststroke - 1. Janice Penner, Jasper.

Freestyle, Club Relay, 200 M - 1. Devon A, 2. Devon, 3. D.V.

Club Medlay Relay, 200M 1. D.V., A 2. Devon B, 3. Devon A.

THE ARNOLD Palmer Method

by GOLF'S 4-TIME MASTERS WINNER

HOW TO HIT STRAIGHT SHOTS FROM HILLY LIES

Most golfers have trouble hitting straight shots from uphill or downhill lies. Because the player's weight shifts so readily to his lower side, the path of the clubhead is thrown out of kilter.

Normally a golfer will push shots to the right from a downhill lie and pull them to the left from an uphill lie.

To counteract this tendency, the golfer should consciously put more weight on his higher foot at address (see illustrations). Try to keep much of your weight on the higher foot throughout your swing. Straighter shots should result.

Survey Reveals Plans For Public, Private Investment

Trade and Commerce Minister Winters recently released the report "Private and Public Investment in Canada - Outlook 1966 - Mid-Year Review". This report, which is a joint project of the Dominion Bureau of Statistics and the Department of Trade and Commerce, contains the results of a recent survey of capital investment intentions.

The results of the survey indicate that present plans for both private and public investment in Canada in 1966 involve total outlays of \$15,024 million. Such a program, if accomplished, would be 17 per cent higher than the \$12,798 million spent for capital purposes in 1965. It would also involve a modest upward revision in plans from those stated in the previous survey made at the beginning of this year.

The revised investment plans involve capital outlays for machinery of \$5,629 million and for construction of \$9,395 million. Such amounts would be 22 per cent and 15 per cent respectively,

above those of last year.

The upward revisions in capital spending plans have occurred almost entirely in the business sector of the economy. Plans in this sector now involve a 23 per cent increase over actual outlays for 1965 and six per cent above earlier intentions.

Mr. Winters stated that the realization of the investment program outlined would add to the demands being placed upon the construction, materials and equipment producing industries. He confirmed the view expressed in the report that, with these industries already operating at close to capacity limits, it seems unlikely that all programs now planned for 1966 will be fully achieved during this period.

Divers heating water for coffee in the undersea houses used in recent experiments off the coast of California and France found that it would not boil, though it got as hot as lava. The heavy pressure of the atmosphere in the houses kept bubbles from forming.

GAS COMPANY OFFERS CANNING ADVICE

Perhaps one of the most rewarding and satisfying of home making jobs is the annual filling of shelves with row on row of jars packed with delicious looking fruits and vegetables. The whole purpose of canning of course, is to prevent spoilage of the fruits and vegetables while preserving their natural shape, color and fresh flavor. Successful canning, though not difficult, does depend on the following exactly each step of a proven, tried and tested method. Even the beginner can avoid unnecessary waste of sugar, fruits and vegetables and can feel confident of successful results if she will follow directions carefully. By reading the following suggestions prepared by Northwestern Utilities, Ltd., some of the problems may be avoided.

1. Don't use stale, unsound or overmature food.
2. Don't can more material at one time than can be handled rapidly.
3. Don't fail to sterilize all containers, especially those that have held spoiled food.
4. Don't pack jars too tightly - especially corn, beans and lima beans - these expand during processing. Leave 1½ inches at top of jar. For other foods leave 1 inch.
5. Don't fill jar too full of liquid. Leave an inch of space at top except for peas, beans and corn, and leave 1½ inches for them.
6. Don't delay between steps in canning, and don't fail to process as soon as jars are filled. Never allow filled container to stand and get cool before processing.
7. Don't fail to use a clean cloth to wipe off sealing surfaces.
8. Don't open jars after processing to refill if any liquid is lost.
9. Don't have water in boiling water bath less than 2 inches above the top of the jars in order to prevent loss of liquid from jars.
10. Don't stretch jar rubbers to test them. Don't use poor or damaged rings. Make sure the rings are proper size and type for jar.
11. Don't use jars without testing for leakages.
12. Don't count time in boiling water bath before water attains a full rolling

boil. Keep it boiling vigorously the entire time.

13. Don't use oven method unless the oven has been checked recently and has a control.

14. Don't crowd jars while they are cooling - this may lead to the development of flat sour.

15. Don't subject jars to sudden temperature changes.

In taking jars from cool basement clean them first in warm water, then in boiling water. Jars should not be placed in a cool draught after filling or upon removing from the canner. Do not place jars directly on a marble or metal top table, as they may break. Place dry cloth or paper under them.

16. Don't overprocess fruit "just to make sure". This causes it to float in the jar and will turn peaches, pears and apricots brown.

17. Don't process food that has stood long.

Football Season Starts Soon

Regular practice sessions for the forthcoming football season at the Bantam and PeeWee levels will get under way next week. Some preliminary work is underway right now, however, season's preparations will start for everyone next Monday evening, August 22, at the Lion's West Valley Recreation Park.

There will be at least two teams competing in a local league at the Pee Wee level this year. One Bantam team will be in operation and will play exhibition games with teams from other centers.

Rickey Simon will again take over as head coach of the Stampeders, one of the Pee Wee teams. He will be assisted by Dave Disney who will coach the offensive and defensive lines. Bill Disney will also assist with the early coaching of the team prior to his departure to resume his studies in mid-September.

In all probability Dennis Meier will be the head coach of the Eskimos, the other Pee Wee team in the town league. Nothing has been finalized in this regard as yet, however, we hope to have most of the

coaching appointments made by this weekend.

Paul Bradley will be the head coach of the Bantam team which will be known as the Drayton Valley Wildcats. It has not been decided as yet who will be assisting Mr. Bradley with this team.

A preliminary meeting of all football coaches, officials and interested persons, as well as the executive of the Drayton Valley Athletic Association, will be held in the Recreation Office on Thursday August 25th at 7:00 p.m. The purpose of the meeting will be to discuss the forthcoming season with any and all of its anticipated problems. One of the items to be discussed and finalized at this meeting is the organization of a Football Officials Committee. Members of this committee only will officiate at local football games and in the event of any disputes pertaining to officials or officiating, only written protests on the part of the head coach concerned will be given any hearing by a governing board. This governing board will be made up of interested persons and shall be organized under the jurisdiction of the Drayton Valley Athletic Association.

A clinic for all those interested in officiating football will be held following the meeting on August 25th and will continue on August 26th starting at 7:00 p.m. This clinic will be held in the Recreation Office. The 1966 Official Rules of Canadian Football will be thoroughly reviewed and discussed, as well as any and all anticipated problems that might be encountered in officiating football at the local level. Football coaches are urged to attend this clinic in order to get a better grasp of the rules of football and get to know the people who will be responsible for the conduct of our football games this fall.

For further information in

respect to the football program call the Recreation Office at 542-3327 and ask for the Recreation Director.

Cooling Off Period Offers Opportunity To Cancel Contracts

Persons who buy or offer to buy goods from door to door salesmen now have the privilege of cancelling sales contracts covering these purchases within four days, or, in some cases, within one year, under the terms of new legislation which came into effect in Alberta on July 1st.

The Direct Sales Cancellation Act, passed at the last session of the Alberta Legislature, is similar to the Hire Purchase Act 1964 of the United Kingdom, and is related to legislation passed in 1965 by Manitoba and Saskatchewan. In general, the Act provides a period of time for buyers to reflect on the wisdom of purchases or offers to purchase which may have been influenced by high-pressure sales tactics.

(Ninth Of A Series)
By WALT McDAYTER

Canada was not an easy garden for agriculture to grow in. Today Canada is one of the leading agricultural nations, exporting more wheat, for example, than any other country in the world. There are 435,000 farms, giving home and employment to almost 2 million people. Yet it is an irony of history that our two founding motherlands, England and France, initially did everything possible to discourage agricultural development.

In the 17th century, France sent people to Canada to trade or trap for furs, and not to establish farms. Furs came from forests, and since farms meant chopping down forests, agriculture was considered a waste of Canada's resources.

Similarly, English settlers on our Atlantic coast were ordered to keep their minds on fishing, not farming. There were richer harvests in the sea, they were told, than in the soil.

Louis Hebert was Canada's first farmer. In 1617 he grew a few vegetables in his small garden just outside Quebec. Despite protests from French authorities, other colonists followed his example, and soon they were successfully raising grain, vegetables and livestock.

Horse-raising was particularly popular, and by 1660 there were so many horses in Montreal that officials restricted their number by law. It seems settlers were getting too fat and lazy... and unfit for military service!

By the early 18th century, tobacco-raising was thriving in New France... until priests ordered parishioners to switch to other crops, because tobacco

Canada's first farmer was Louis Hebert, who in 1617 patiently plowed the rocky soil of his little garden just outside Samuel de Champlain's struggling colony of Quebec.

was not subject to Church tithes. Acadians in Nova Scotia and Prince Edward Island were also developing thriving farmlands but this came to an end when England expelled the French-speaking settlers in 1755.

Further west, Rupert's Land was governed by Hudson's Bay Co., and fur traders resisted settlement. In the last half of the 19th century, when mission-

Guaranteed to rile early fur traders was the sight of even the smallest farm being hewn out of the forest wilderness.

ary Father Albert Lacombe built a little bridge over a stream, fur traders demanded he tear it down since it made the prairies look "too settled."

Earlier, in 1811 when Lord Selkirk founded a farm colony at Red River, fur traders of the North West Co. swore to destroy it. In 1815 they succeeded, bribing some settlers to leave, chasing the remaining out by force. But others returned.

Years later, when Canada evolved from a fur to a timber economy, agriculture continued to be discouraged. With only a limited population and a wide market for our timber, settlers found it more profitable to chop down trees than to plant seeds. Despite all this, farmers plowed ahead, and even in the face of this opposition, farming was soon flourishing!

But Canada did not become an agricultural giant until after 1867, when it achieved nationhood. It was after this date that Canada bought Rupert's Land, and it was the acquisition of the prairies that made it possible for Canada to become the great breadbasket of the world that it is today.

CARD OF THANKS

We wish to express our sincere thanks and appreciation to our friends and relatives for the many acts of kindness and sympathy, floral tributes, donations, expressions of sympathy and help extended to us during our recent bereavement at the loss of a son and brother.

Special thanks to Mr. Ernie Shultz, Mrs. Bell, the soloist and pallbearers, Mr. and Mrs. M. St. Louis and Father Lynch. Victor and Milda Berlinguette and family.

We would like to thank all those who were so kind during the recent illness and bereavement of our father and grandfather, especially Dr. Waugh, Mr. Chuck Alton and the pall bearers.

Many thanks also for the flowers and contributions to the heart fund.

The Edmunds and Rees families and Kay Watson

Water Skiing
WITH CLINT WARD

Learning good rope-handling technique will prevent accidents.

Rope Burns Are Painful so treat the tow-line with respect. During dock starts the handle should be held across the fingers of one hand. The tow-line loosely coiled over the extended fingers. As the tow boat moves away let the line play out through the fingers of your other hand. By doing this the line is pulled from the coil at right angles and not across the coil which could cause the tow-rope to tangle. **Throw The Last Two Loops Out And Away** from you and then yell, "hit it!" This will ensure that the line does not catch on your skis at the last second. During water starts do not give the "go" signal until the rope is taut and between the tips of your skis which should be out of the water.

The ground is so hot in the Sahara that rain sometimes evaporates before it hits.

FED UP

Stopping to pass the time of day with an Alberta farmer, a tourist learned that the farmer's father who was 90 years old was still working on the farm where he was born.

"Ninety years old, eh?" asked the tourist, "and is his health good?"

"Tain't much now, he's been complainin' fer a few months back."

"What's the matter with him?"

"I dunno, sometimes I think farmin' don't agree with him."

HOME DANGER

Benzene or benzol is volatile, inflammable and toxic. In the home it may be encountered in paint removers, spot removers and plastic cements.
